

YOUR LAND IN SAFE HANDS

Over the past 35 years, Howarth Homes' primary area of operation has grown; we are currently looking for land in Bedfordshire, Berkshire, Buckinghamshire, Hertfordshire, Oxfordshire, south Cambridgeshire, Surrey and south west London but would also consider the feasibility of sites beyond these areas.

With our own in-house planning department and extensive experience of the planning process, our expertise in appraising individual sites ensures our ability to maximise the value to landowners. Working closely with our clients, council planning officers, local councillors, individual landowners and community groups, we are uniquely qualified to create schemes that the whole community can be proud of.
